

TH_IS OPPORTUNITY – Transcript

Hi, my name is Yasmin Ali. I'm a Project Director responsible for delivering the Town Hall. I was initially recruited as a graduate trainee. I'm proud to say that a lot of my team were female which is very unusual in this industry, in the construction industry which is mainly male dominated. My favourite thing about working in Tower Hamlets is being able to be part of this incredibly diverse and multicultural borough.

Hi, my name's Tyrone. I'm a community park ranger here at London Borough of Tower Hamlets. I think my favourite thing about working at Tower Hamlets is being able to give back to the community. So, if a playground in the beginning is not fit for purpose, and not getting use after three weeks time, four weeks time of that project being installed, being able to see hundreds of children enjoying that space. So for me, that's the really important part, and the most exciting part about working at Tower Hamlets.

My name's Juli and I'm a supporting employment manager within the employment and skills team. And I've been at Tower Hamlets for about 16 years now. Think the best thing about working in Tower Hamlets, it's got to be the people. I came in young, excited, and I've been supported to progress. I'm the one of the co-chairs of the Race Equality Network. We are the voice of staff seeking equity for all. There's a lot of changes happening at the moment, and there's a lot of work being done to reflect progression for people from Black and minority ethnic backgrounds.

My name is Taif, and I'm a IT Risk and Governance Apprentice for Tower Hamlets' Council. In my first few months working for the council, I've supported the new to the New Town Hall, and I've learned a lot. I work in a really positive environment, and it's helped me get through my apprenticeship.

[Commentator] Now, you can see what a wonderful place Tower Hamlets is to work. It is truly the best of London in one borough. Come and join us. [gentle music]
